

CHEMZ Chain Lube

Part No. 7744 (400ml)

Adhesive lubricant for chains and wire ropes

- Resistance to hot/cold and salt water
- Temperature range -30°C to 180°C
- Reduces friction and wear
- Provides continuous lubrication

Chemz Chain Lube is an adhesive lubricant formulated to adhere to all metal surfaces

Chemz Chain Lube has a wide temperature range -30°C to +180°C and is resistant to hot, cold and salt water

Chemz Chain Lube penetrates chain pins and bushings and after propellant evaporates, thickens to a long lasting lubricant

Chemz Chain Lube reduces noise, wear and friction and helps to increase chain life

Chemz Chain Lube is suitable for all chain drive systems, fork lifts, open gears, wire ropes, fishing fleets, construction equipment and industrial applications

Technical Data

Appearance	Clear, pale yellow viscous liquid
Solubility	Not soluble in water, resists washout
Specific Gravity	0.87
Viscosity, Base Oil	SAE 40
Viscosity, cS at 100°C	20
Tack Level, %	5
Temperature Range, °C	-30 to +180
Flashpoint, °C (Residual Film)	> 200
Flashpoint, °C (Propellant)	< 0
Propellant	Hydrocarbon

MPI Approved C12 (All animal products except dairy)
