

CHEMZ Carbz

Part No. 7825 (500ml/450g)

Throttle Body & Carb Cleaner

- Cleans automatic chokes, PCV and ERG valves
- Disassembly not required
- Ensures maximum fuel economy
- Dissolves deposits inside & out

Chemz Carbz Throttle Body and Carb Cleaner is formulated to remove gum, sludge, varnish, paraffin, gasoline stains, grease and dirt build up quickly and easily from carburettors, throttle bodies, automatic chokes, PCV and EGR valves.

Chemz Carbz cuts grime from linkages, choke shaft and camming surfaces.

Chemz Carbz dissolves throttle body deposits in fuel injection systems.

Chemz Carbz cleans PCV valves, heat risers, EGR valves, automatic chokes, hose and base fittings.

Chemz Carbz reduces poor exhaust emissions and ensures trouble free performances.

Chemz Carbz does not affect catalytic converters.

Technical Data

Appearance	Clear colourless mobile liquid
Odour	Characteristic, ketone solvent
Specific Gravity	0.77
Evaporation Rate	High
Volatile Components, % w/w	100
Flammability	Highly flammable
Flashpoint, °C (Propellant)	< 0
Propellant	Hydrocarbon
